

# Welcome to Global Engineering Services.

**W**elcome to **GLOBAL ENGINEERING SERVICES**. It was established in the year **2008** with its legal entity based in **Mumbai**.

**Mr. Purushotham Chinta & Mr. Ramakrishna D** are the CEO's and the Founder of **Global Engineering Services**. They are well experienced and very knowledgeable businessman. They had been operating Global Engineering successfully for 15 years and provided efficient solutions for critical problems. They had successfully completed many projects including 100% manufacturing of the India's biggest Refrigerator Air Dryer, a MAKE-IN-INDIA concept, for a well-known multinational company named Vedanta.

**Global Engineering Services** works for **“Complete Solutions of Compressed Air Products and Services”** i.e. Refrigerated Air dryers, Air Filters and their accessories to both large and small-scale companies all across India.

## ALL TYPES OF AIR DRYERS
